

EDUCATION HIGH SCHOOL ABA COMPLIANT

RED Checklist | Suggested Pricing | Fountain Brands | Bottles & Cans | Cooler Planograms | Look of Success | Consumer Messaging | [ABA Catalog](#)

Along with the American Beverage Association and industry, The Coca-Cola Company helped establish the National School Beverage Guidelines which provide a broad range of options for students to consume during the regular and extended school day. Choices include bottled water, 100% juices, fat free and low fat milk, no and low calorie beverages as well as smaller portion sizes for select beverages with no more than 66 calories per 8 fl. oz.

Qualify for the Alliance for a Healthier Generation School Beverage Guidelines

NOTES

The Coca-Cola Company beverages in this catalog are in accordance with The American Beverage Association's School Beverage Guidelines, with specific designations for elementary, middle and high schools. Some products may not be available in all markets. Contact your local Coca-Cola bottler, foodservice supplier or 1-800-GetCoke (800-438-2653).

Any high school (public or private) NOT participating in the Federal Lunch Program may choose to offer low calorie carbonated fountain products in their foodservice area during meal periods.

Some products and/or sizes may not comply with state-level restrictions.

Visit www.drinkthatstuff.com for more details on our entire product line, bid specifications and nutrition information.
